

CENTER FOR HEALTH IN AGING

KANSAS CITY, KANSAS

CLIENT: University of Kansas Medical Center

COMPLETION DATE: 1999

PROJECT SCOPE:

Steve Bauer served as project landscape architect and provided construction observation.

PROJECT DESCRIPTION:

The Theo and Alfred Landon Center for Health in Aging center commissioned this garden to aid patients in their wellness and care at the facility. In this garden patients are exposed to colorful perennial plantings, walking paths, seating areas, and observation areas.
