

FLYING CLOUD CASINO

BUENA VISTA, CALIFORNIA

CLIENT: Buena Vista Tribe

COMPLETION DATE: Under construction

PROJECT SCOPE:

SKS Studio provided full-service landscape architectural services from conceptual site planning through construction documentation.

PROJECT DESCRIPTION:

Flying Cloud Casino will be constructed in two phases. The first phase consists of a 120,000 sq. ft. casino situated among rolling hills on the Buena Vista Rancheria tribal lands. The second phase will include a 200 room hotel tower immediately adjacent to the casino.
