

SHAWNEE MISSION MEDICAL CENTER

MISSION, KANSAS

CLIENT: Shawnee Mission Medical Center

COMPLETION DATE: Spring 2006

PROJECT SCOPE:

Steve Bauer assisted developing the site plan concepts and material image storyboards.

PROJECT DESCRIPTION:

The hospital was master planning for a new major expansion for the Facility and wanted to program a Therapeutic Garden for patients and families visiting. Three options were developed to include different hardscape treatments, a variety of plant materials with color and fragrance, various nooks and crannies to sit and water to provide soothing sounds and block out mechanical noise.
