

TERRA ISTRIANA

UMAG, CROATIA

CLIENT: Energoplan

COMPLETION DATE: Un-built

PROJECT SCOPE:

Sean Simms provided conceptual masterplanning and landscape architecture for this project.

PROJECT DESCRIPTION:

Terra Istriana is a brown-field rehabilitation project located near the town of Umag on the Adriatic coast of Croatia. This project takes an existing concrete factory and quarry and turns it into a new tourist village with hotels, shops, apartments, parks, and a recreational lake.
